

Product Enhancement Notice: Roofglory XD DEBRIS GUARD

Roofglory designed a new debris guard (June 2017) called **XD DEBRIS GUARD**.

This product will replace both the **HIGH PROFILE Debris Guard** and **LOW PROFILE Debris Guard** products.

The transition to the new XD Debris Guard will be implemented in August 2017. The transition could affect inventories and installations if special care is not taken.

All full pallets will be marked as: **“DO NOT MIX”**

The new **XD Debris Guard** is designed to accommodate usage in both the **XD Rake Channel** and the **XD Valley** accessory components.

Please direct questions about this change to your Roofglory Regional Manager.
